Activities · July 2020

YOGA IN ALTA ALELLA

We invite you to enjoy our emblematic wine tourism activity since 2013: a yoga workshop on a privileged venue, our terrace amongst vineyards and Mediterranean, in the middle of the Natural Park Serralada de Marina.

Remember "yoga" means union. The aim of this workshop is to discover synergies between the four elements: EARTH sauló soil and vineyards, AIR mountain wind, FIRE hot sun and WATER "marinada" of the Mediterranean. We suggest a pause to reconnect with yourself, an approach to an ancient discipline, and a more aware, intense and appreciative tasting of our wines, reflect of the natural harmony man, land, vineyards and vintage. After the session, we will enjoy a tasting of our organic and natural wines and cavas.

The four July sessions will be led by Paula Fernández y Alejandra Pelayo:

Alejandra Pelayo, teacher of Ashtanga Vinyasa Yoga. Training in the school "Sachidananda Ashtanga Yoga" in India. She's also been trained in Yoga Nidra, Ayurvedic Massage, Introyoga, Omnia Reiki and Sensitive Anatomy. She organizes classes and yoga experiences in Barcelona.

Paula Fernández, yoguini and designer. Running away from publicity stress, she found in that traditional and millenary discipline the balance and coherence, next to the big passion to share everything she finds on the way: stop, breathe and feel. Graduated in Hatha vinyasa Yoga and in Ashtanga vinyasa yoga, for direct disciples from Dharma Mitra and Pattabhi Jois, she keeps on constant formation and learning.
